Greetings:

Frontlines of Freedom is proud to endorse and support the efforts of WGVU in their current excellent effort, LZ Michigan.

As a Vietnam Vet I know all too well that we were denied any positive support for our service when we came home all those many decades ago. To this day, many Vietnam Vets will greet each other with the phrase, "Welcome home." The LZ Michigan project will grant the thousands of Michigan Vietnam Vets the welcome home that they deserve and, in many ways, really need.

The main event on 3 July will provide honor to whom honor is due. I am proud to be one of the cheerleaders for this event.

Sincerely,

Denny Gillem
